NATURE MEETS ART

SWEDEN

WHERE NATURE MEETS ART

FAMILY HEIRLOOMS THAT YOU WILL PASS DOWN THROUGH MULTIPLE GENERATIONS

We want to help you collect memories with our products. Our hope is to have a relationship with the families that purchase from us. That your future grandchildren will ask our grandchildren for help with style and design issues.

To make sure this happens, we make timeless pieces that we know will remain beautiful in 30, 40, 50, well, in some cases, even a hundred years from now.

NATURE MEETS ART

We believe that you will become more creative if you surround yourself with beautiful items. We think that human beings, no matter how technical we become, will always have a necessity to be in contact with nature.

That's why CUERO is a place where Nature Meets Art.

TABLES

1938 was the year when one of the most iconic chairs in the world was born: The Butterfly Chair. Since then, there has been a desperate need of a convenient side table that perfectly matched the chair.

We designed two. One in an oval shape, inspired by the trendy shape back in 1938. The other in the classical round shape that is never outdated. Both are the ultimate side table for your CUERO Butterfly Chair. With the ideal shape and height that fit perfectly the size of the chair.

MAKE YOUR HOME THE BEST IT CAN BE

Water, food and shelter are the most basic human needs. Unfortunately, we cannot eat and drink as much as we'd like without negative consequences.

But there's no limit to how beautiful your home can be. Shelter is the only human need where the more you invest, the better off you are.

Make your home the best it can be.
